About Us

Our Supplier

> My goal is to make homes a better place to live in and more affordable for everyone in New Zealand. Recognizing the need in New Zealand for a premium flat pack kitchen, Kitchen Cabinets and Stones Ltd have drawn on the knowledge and expertise of our European partners, bringing together innovation, excellence and afford-ability into our products.

- Jakub Malinowski, Founder & Director of
Kitchen Cabinets and Stones

Read's Kitchens

Having provided our customer access to high quality flooring products for the past few decades we saw an opportunity to partner with a supplier and deliver our customers a range of high quality, European made kitchens. Kitchen Cabinets and Stones Ltd was a natural partner to align ourselves with.

Kitchen Cabinets and Stones Ltd is a supplier of premium, European made DIY kitchens. Whether you are replacing your current kitchen, or simply after a bit of extra storage in the garage, our modular system provides you with a simple, budget friendly solution. With our countless range of products, you can craft a kitchen that is both fabulous and functional.

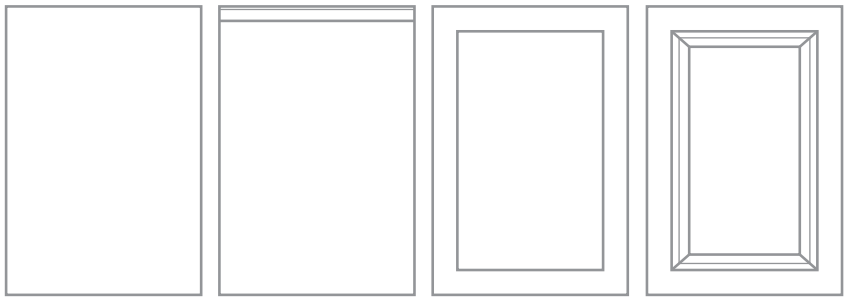
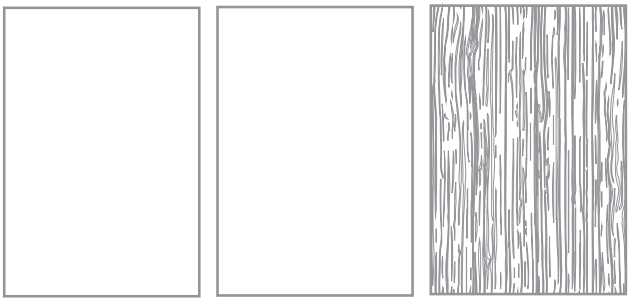
European Made Local Retailer

Premier Doors

Thermo-foil Doors
A quality plastic polymer produced in Europe, the strength of this material imparts the highest degree of impact & moisture resistance. The variety of profiles & finishes for Thermo-foil keep these kitchens functional & fashionable throughout their long lifetimes.



Florence Venice Oxford French



Rome Vienna Milan

P.E.T / Melamine Doors
Vienna - UV Resistant Lacquer, engineered to withstand sunlight exposure each year without fading.
Rome - P.E.T for a soft touch experience.
Milan - Melamine doors with a textured finish.

Lacquered Doors
A two component lacquer is used in a process similar to painting cars to finish these doors and panels. This two component process affords these ranges with the highest degree of paint durability, ensuring style & strength.
